- Reacts quicker and with less material when compared to competitor's products
- Available sizes: 55 lbs. sack and 1,764 lbs. "Super Sack" (special order)

Description

Slurry Slayer™ - Concrete Slurry Solidifier

...is a concrete slurry management program that was developed by an actual contractor who works in the contracting field every day. Slurry Slayer™ consists of two products - Slurry Slayer™

Solidifier™ and Purifier™ - that can be used individually or together. Developed by contractors for contractors!

- Turns concrete slurry into a non-hazardous, landfill-accepted solid
- Contains no fillers to add weight
- Reacts quicker and with less material when compared to competitor's products
- Available sizes: 55 lbs. sack and 1,764 lbs. "Super Sack" (special order)

Applications:

- Concrete grinding and polishing
- Concrete saw cutting and drilling
- Concrete rinse out areas
- Stone restoration

Common Slurry Slayer Questions

Q: How much slurry does a 55 lbs. box absorb?

A: 550 gallons

Q: Does it absorb any other wet waste?

A: It only absorbs water-based compounds such as concrete/stone slurry, latex paint, blood, mud, etc.

Q: Any other restrictions?

A: It is polymer-based, so the waste cannot be hotter than 150 degrees or the Slurry Slayer will melt. It also cannot be used in temperatures below freezing.
