Description

Longopac Dust Collection Bags

The Longopac bagging system makes concrete dust disposal easy and convenient. It attaches to your dust collector or vacuum and securely holds all dust and debris.

Each 72-foot continuous liner makes up to 25-30 individual bags (depending on the desired weight of contents). Longopac liners help eliminate cross contamination of powders, improve the working environment, and protect operators and building occupants.

- Replacement / backup package of four liners
- 72-foot-long continuous liner
- 5.5 mil thickness
- Makes up to 25-30 bags
- Easily attaches to virtually any dust collector
- Allows for dust-free disposal
