Description

Prep/Master[®] 2818LP Floor Grinding Machine (Propane)

Ideal for Polishing Projects up to 2,000 SF (200 M²)

The Prep/Master[®] 2818LP floor grinding machine has an 18HP Kawasaki propane motor that eliminates the need for transporting a generator to the job site. With a small footprint and lightweight, this grinder is ideal for difficult to access areas, and also make it easy to load and unload. Its variable speed drive easily adapts to different grinding or polishing conditions for concrete, terrazzo, marble, and stone applications.

The moveable pocket weight system adjusts head pressure depending upon application and the standard water tank makes it easy to switch from dry to wet work. Uses two tool plates (included). Recommended for project sizes up to 2,000 SF (200m²).

- Working width: 28 in. (71cm)
