FOR POLISHING PROJECTS UP TO 5,000 SF (500 M²)

PREP/MASTER® SR.

The **Prep/Master®Sr.** floor grinding machine is designed for medium-sized commercial or residential projects. This machine combines the production capacity of a larger machine with the maneuverability of a smaller grinder. Its 20HP motor has strong torque and its variable speed drive easily adjusts to different grinding or polishing conditions for concrete, terrazzo, marble, and stone applications.

This grinder is very aggressive, yet extremely easy to operate due to the smooth operation of the STI rotary gear system. In addition, the low price of the Prep/Master Sr. is very affordable and fits any project budget.

PREP/MASTER SR. FEATURES

- 20 HP 220/240V Single or 3 phase 40 Amps
- Working width: 27 inches (68 cm)
- Heavy head pressure for better performance
- Carrying poles for 2- or 3-person lifting
- Magnetic LED light to illuminate the cutting path
- On-board USB Charger & Phone Carrier
