

# The Perfect Surface Prep Machines

by Airtec AG – Switzerland

## Eurosprint ES-200 Scarifier

<b>Motor</b>	2.0 HP (1.85 kW)
<b>Power</b>	1 x 230V, 50 Hz
<b>Weight</b>	120 lb (59kg)
<b>Working Width</b>	8 inches (200 mm)

Environmentally-friendly light and handy scarifier. Continuous depth settings from fine to coarse. Wide range of tools for every purpose.

Hourly rates of 320-540 SF depending on the type of surface (steel, concrete, stone, wood, or asphalt).

## Roto-Tiger® Surfacer RT-2500

<b>Motor</b>	5.0 HP (4.0 kW)
<b>Power</b>	220V, 60Hz, 16A or 400V, 50Hz, 8.5A
<b>Weight</b>	295 lbs (134kg)
<b>Working Width</b>	10 inches (250 mm)

Rasping wheels, loosely placed on a rotating work drum for thorough yet gentle rasping and milling of adhesive, rubber, concrete slurry, uneven spots and old coatings.

Strong, solid welded steel construction designed for heavy-duty use.

## Roto-MAT Surfacer RM-320

<b>Motor</b>	15 HP (11.0 kW)
<b>Power</b>	230V/460V, 50Hz, 22A (with Smart-switch)
<b>Weight</b>	728 lbs (330kg)
<b>Working Width</b>	13 inches (320 mm)

Heavy duty self-propelled power planer with 5 shaft-drum.

Powerful, efficient roughening and cleaning machine for large-area tasks. Hourly rates up to 1,290 SF, depending on surface (steel, concrete, stone, wood, or asphalt).
