

Smith's
CHEMICAL RESISTANT POLYURETHANE
HI-WEAR 90S

Low Sheen CRU Topcoat

3-Component, High Traffic, Low Sheen Topcoat

As a high traffic topcoat in:

- Production areas
- Forklift / pallet traffic aisleways
- Loading Docks
- Chemical exposure environments such as
 - Cutting oils & hydraulic fluids
 - Caustics & many acids
 - Solvents
- Slightly textured low sheen finish
 - Improves light reflectivity while minimizing traffic pattern development
- Non-Yellowing
- Low Odor & Low VOC's
